Dhruvi Vikma

Senior Analyst/Software Engineer

Base Location: Mumbai

Email ID: dhruvi.harendra-vikma@capgemini.com

Mobile No: +91 9224645910

Grade: A5

Strengths

- MuleSoft Certified Developer – Level 1 and Certified MuleSoft Integration Associate

- Hands-on experience in creating APIs using MuleSoft Integration tools and knowledge on Anypoint Platform

- Hands-on experience in designing API specifications using RAML, generating flows from RAML and utilizing several Mule components to access and manipulate data

- Passionate about learning new technologies and expanding knowledge in order to meet the organization's goals

Achievement

Plant Disease Detection System

A machine learning model which studies plant leaf images and detects whether the plant is diseased or not and if diseased, then it classifies into the disease type

Face Mask Detection System

A machine learning model which detects whether a given face is wearing a mask or not. If unmasked, then it alerts the system administration via email.

MNIST Handwritten Digit Recognition

Uses MNIST handwritten digit dataset to recognize handwritten digits with machine learning
